

Giving Back Program

Platte Valley State Bank & Trust Company is proud to be a leader in the charitable giving of financial support and volunteer hours. Each year, Platte Valley State Bank employees log countless hours in support of various events and organizations. Like you, we live and work in this community and care about the welfare of both its resources and people.

Each year we receive thousands of requests for projects in need of funding. It becomes extremely difficult for the Giving Back Committee to select which project to support. In order to expedite this process we have created a Giving Back Policy and a Request Form.

Donations/Sponsorship Policy Guidelines

Platte Valley State Bank designates contributions to 501c(3) organizations within the communities we serve. Preference will be given to organizations in which bank employees and directors are involved as volunteers, officers, and board members.

The bank supports organizations in six broad categories:
